
THE POWER OF CHANGE

PRACTICAL * MINDFUL * INSPIRING

MAC VERNET

Most commonly known as "Dru", MAC Vernet has been an Informational/Motivational speaker for the past 14 years. She is known for creating quantifiable and measurable outcomes with her customers.

In 2017 MAC Vernet transitioned into transformational speaking after facing her own personal hardships.

A challenging divorce, financial rock bottom and bankruptcy, as well as a 80lb weight gain in less than a year geared her up for the next phase of her speaking career!

MAC Vernet decided that it was time to make POWER MOVES and speak life into herself and others!
